The Right Mix of Quality and Service

Plaisted Companies is the largest, full service golf supplier in the Midwest, earning our reputation as a leader through quality products and exceptional service. We are unique in that we own our own sand and peat supplies, allowing us to control product quality from processing and screening through to the final mix. Our mixes meet USGA guidelines and are produced using our *Accublender™* four-bin computerized mechanical blender.

Plaisted Topdressings

Topdressings: Topdressing for greens and tees. Meets USGA specifications. Combinations of sand, peat or pulverized black dirt available.

Fairway Topdressings: Washed and screened.

Tournament Topdressing: A special fine grade for new bentgrass varieties.

Online Topdressing calculator
